

Sinclair Broadcast Group's recent actions are a disgrace to our hard fought freedoms. This company has thumbed its' nose at American Citizens, abusing its wealth and power to distort reality and mislead the public.

The forfathers of this country fought against such abuses by powerful corperations (East India Comp & the Boston Tea Party), and put safe guards into the Constitution to protect the citizens.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
